Request for Cooperation Preventing the Spread of COVID-19

YAMANASHI

Details here→

(For those residing in Yamanashi)

To prevent the spread of infections, we ask for your cooperation with infection prevention measures in accordance with the Act on Special Measures for Pandemic Influenza and New Infectious Diseases Preparedness and Response (through **March 31st, 2022**).

Regarding this request, we ask for cooperation to be strengthened.

Thoroughly implement basic infection prevention measures, such as maintaining a physical distance from others, wearing a mask, washing your hands, and keeping rooms well-ventilated (about once every 30 minutes).

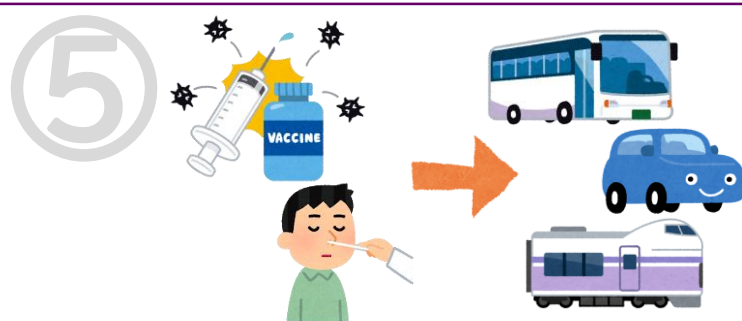

Avoid places that fall under the “Three Cs” (closed spaces, crowded places, and close-contact settings), and refrain from using facilities that lack basic infection prevention measures.

Refrain from eating in large groups where basic measures are not being taken. Use Green Zone certified facilities, follow their anti-infection rules, and avoid facilities that do not have any measures in place.

Use the COVID-19 Contact-Confirming App (COCOA) on your smartphone to get notified of possible contact with infected person(s).
※Search for “COCOA” on the App Store or Google Play.

Especially when traveling outside of the prefecture, please take safety precautions beforehand, such as getting vaccinated or (for those who are unable to get vaccinated due to health conditions or other factors) getting tested and confirming negative results. (If you reside outside of the prefecture, please follow the same precautions.)

感染症拡大防止にご協力ください
